### *The Curse of the Werepenguin*, (Hardcover) ~~\$17.99~~ \$14.39

All orphan Bolt Wattle has ever wanted was to find his true family. When a mysterious baron in far-off Brugaria sends for Bolt, he wonders if he's getting closer to finding his long-lost parents. But Baron Chordata appears to be a twelve-year-old boy who wears tuxedos all the time, shouts at everyone, and forbids Bolt from asking questions. Things couldn't get any worse . . . until midnight, when the Baron bites Bolt and turns him into a half boy, half penguin. Then things really couldn't get worse-- nope, wait, they get a lot worse. With the help and hindrance of a plucky girl who just might be the world's greatest bandit, a whale cult led by a man whose weapon is a stale loaf of French bread, and a sinister but friendly fortune-teller who can't stop cackling, Bolt's on a quest to reverse the curse, return to human form, and stop the Baron from taking over the country of Brugaria with his army of mind-controlled penguins.

### *Unschool'd*, (Paperback) ~~\$7.99~~ \$6.39

This year's fifth graders are the worst Principal Klein has ever seen. But he's hoping that Spirit Week can teach them teamwork, with a top secret prize for the winning team as incentive. Best friends George and Lilly have been looking forward to Spirit Week all year. They might be complete opposites, but they can't wait to be on the winning team together. When their classes end up rivals, with Lilly leading Team Red and George leading Team Blue, the friends swear they can compete and remain best friends. But suddenly there are slimed lockers, sabotaged costumes, and class pets held hostage. As the pranks escalate, it threatens everything, including the prize. Because if Principal Klein finds out, Spirit Week will be cancelled and the students will spend the rest of the year in detention. Can George and Lilly find a way to fix their friendship and get the entire fifth grade to play fair, or is the most awesome week of fifth grade about to make this the worst school year ever?

### *Class Dismissed*, (Paperback) ~~\$6.99~~ \$5.59

Class 507 is the worst class Ms. Bryce has ever taught. And she would know -- she's been teaching forever. They are so terrible that when a science experiment goes disastrously wrong (again), Ms. Bryce has had it and quits in the middle of the lesson. But through a mix-up, the school office never finds out. Which means ... Class 507 is teacher-free! The class figures if they don't tell anyone, it'll be one big holiday. Kyle and his friends can play games all day. Samantha decides she'll read magazines and give everyone (much needed) fashion advice. Adam can doodle everywhere without getting in trouble. Eric will be able to write stories with no one bothering him. And Maggie ... well, as the smartest kid in the class she has an ambitious plan for this epic opportunity. But can Class 507 keep the principal, the rest of the students, and their parents from finding out ... or will the greatest school year ever turn into the worst disaster in school history?

\_\_\_\_\_ **The Pet War**, (Paperback) ~~\$7.99~~ \$6.39

Eleven-year-old Otto wants a dog. His twelve-year-old perfect sister, Lexi, wants a cat. Their mother, who works very long hours as a nurse, wants neither. Pets are expensive so who's going to pay for everything? And what happens to the pet when the siblings are at their dad's for the weekend? Otto has an idea. What if he got a job and earned enough money to pay for the dog? Then Lexi has to open her big mouth. She proposes that whichever sibling can raise enough money first will decide which pet they get. Oddly enough, their mom and dad agree. With Otto and Lexi each out to defeat the other, their business plans become more elaborate and involved. As the competition gets fiercer, the stakes get higher, and the battle lines have been drawn, so let the Pet War begin. . . .
