A Note from Your Fairview PTO

Hello Fairview Families,

It is hard to believe that the holidays are almost here! Thank you so much to all of the Fairview teachers for meeting with parents this week. Thank you, too, to everyone who donated items and time to help provide dinners for the teachers during parent-teacher conferences! It is such a nice effort to show appreciation to all of our amazing teachers, thank you!

We hope everyone enjoys the Thanksgiving Break with family and friends. See you in December!

The Fairview PTO Proudly presents...

Laura Dershewitz and Susan Romberg

Fairview Elementary is delighted to welcome authors Laura Dershewitz and Susan Romberg on Tuesday, December 17th. Ms. Dershewitz and Ms. Romberg will talk with students about their careers as authors and their new book, *The House That Cleaned Itself: The True Story of Frances Gabe's (Mostly) Marvelous Invention*.

To guarantee a personalized copy of their book, please return this order form with payment (cash or check payable to Fairview PTO) by Monday, December 2nd. If you miss that date, there will be a limited supply of books available for purchase on the day of the visit.

The House That Cleaned Itself: The True Story of Frances Gabe's (Mostly) Marvelous Invention (Hardcover) \$17.99—\$14.39

Like most of us, Frances Gabe detested housework -- she found cleaning a "nerve-twangling bore". Unlike most of us, she invented a contraption to free herself from this tedious task forever: a self-cleaning house Gabe's wacky, wonderful home included almost 70 new patented inventions, from a soap-spraying sprinkler in the ceiling to a kitchen cabinet that washed, dried, and stored dishes all in one place. Though Gabe's invention didn't catch on, her determination and clever thinking remind us that we don't have to accept the world as it is; we can improve it using our minds and our own two hands.
