Community Use of School Facilities

School facilities are available to school district student groups and school district school-related organizations and local governments during non-school hours when such use does not: (1) interfere with any school function or the safety of students or employees, or (2) affect the property or liability of the School District. The use of school facilities for school purposes has precedence over all other uses. The District reserves the right to cancel previously scheduled use of facilities.

The Superintendent shall develop procedures to manage community use of school facilities. Use of school facilities requires the Superintendent's approval and is subject to the procedures.

Persons on school premises must abide by the District's conduct rules at all times.

The District operates as a non-public forum.
