My Opinion About School

Pictures by: Sydney

School may not be fun for everybody but I think it's fun. My favorite subjects are *cursive*, *math*, and science. One thing I like to remember is that school is important and that I am going to have a better future if I focus in class. One thing about recess is that's the time to get all your energy out before class. Some things about specials is that some kids like it because they don't think there learning some thing when they are. Specials is a class not recess. One way to be invested in learning is to ask questions and to not talk to your friends during lessons. .I love school and I hope you love it to.

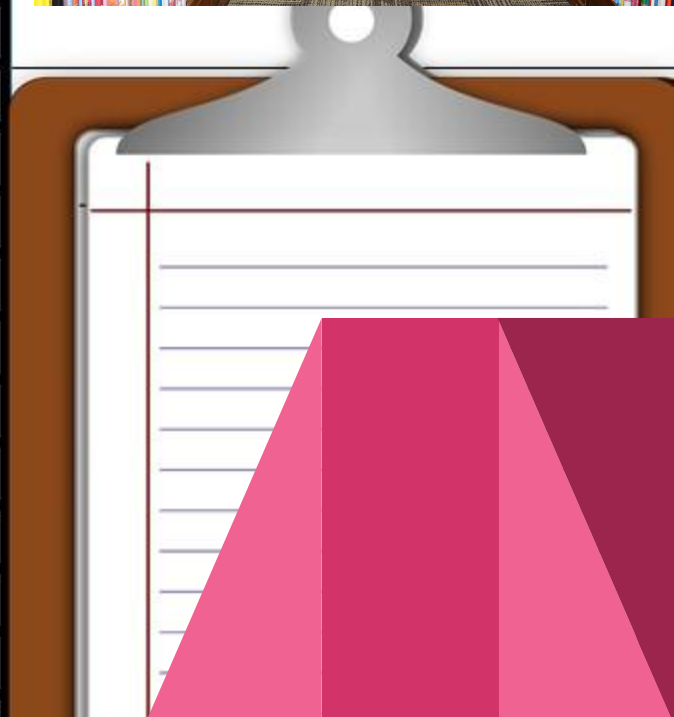

By Laura.

The Mt. Prospect Public Library.

Hello my name is Laura. Today I'm going to talk about the Mt. Prospect public library. The library is next door to city hall. You can go to the library by walking, biking, and driving. The library has a space to put your bike and a parking lot. There's a place to return your books in the entrance. You can get all kinds of books at the library from chapter books to picture books. There's books for kids and books for adults. The library has lots of fun activities for kids. It also has a play area for little kids and also some snack tables. The library has two floors. The first floor has mostly books for kids. The second floor has mostly books for adults. And in summer it has a summer reading program where you read and fill in a sheet and you can win prizes. The best part of the library is that it has books for everyone. Thank you for reading.

Winter break is in ONLY 7 days! Many fun holidays will be celebrated, including Christmas, Hanukkah, Kwanzaa, and Diwali. A LOT of people celebrate Christmas and some of the most common traditions are: getting presents, putting up a tree and decorating it, Advent calendars, and drinking hot cocoa. The Christmas season is a very cozy time of year!

○ The NFL is scripted ○

Hello my name is Vasilis. My opinion is that the Kansas City Chiefs pay the refs. Because look at the picture on the right. That is called the QB sneak. The Buffalo Bills in the white. Quarterback Josh Allen (17) tries to get the first down. He does but the ref says no first down. Before this horrible call. The Chiefs had the ball. Patrick Mahomes throws the ball to someone. the ball touches the floor but the ref says it was caught. That same game Patrick Mahomes (Chiefs Quarterback) falls down and the referee helps him back up. In many other games we have seen the refs do this. Plus the referees have talked to Patrick Mahomes many times in multiple games. They are even investigating if the refs are doing this because the Chiefs are paying them. Last thing the game against the Bills there was a flag but then it was just gone. Even though it was just on the screen, it just vanished.

MY OPINION ABOUT HOMEWORK by: Evelyn

Ok today I am going to talk about homework. So first ,when we get home we just want to rest and watch tv and do are homework really fast. But the problem is that there is WAY too much homework. Like if you want a few examples here: Spelling takes lots of time.You have to grab you pen or pencil and get out your work. Then,maybe you have a really annoying sibling that yaps in your ear all the time. You can't focus. Some kids can't lock their doors,too. Once it is quiet and you can focus, 20 minutes has gone by and so you get started and guess what? You have to be looking from your spelling page back to your writing page then your

math page and it is all so busy! Now maybe your like me you got sports after school and you have to ether to it before or after. And of course you have to do it after! Then it is 10:00 pm and you get home you need to do your homework that is do tomorrow! So over all I protest for less homework! THANK YOU FOR YOUR TIME TO LISTEN TO ME COMPLAIN!

My opinion about ... SCHOOL!

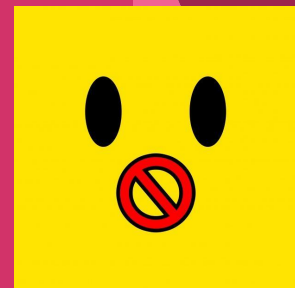

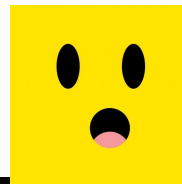

by:Hani

Okay, you know when you have to wake up like EVERY morning at like 7 Am well,I'm always tired.BUT then... when you get to school there's so many friends then you start acting like your not tired.You get into class and the teacher is not in there! So now you have to wait like another 2 min.FINALLY, you get unpacked and sit down.NOW its were the "okay" part beings.Next, it's FINALLY the the "good" part comes in. **SPECIALS!** Now 1 hour is over and you have to get to the most boring part of the day.(which I think).READING!!!!!!!!!!!!!! Now all your thinking about is...

HOMework!!!! !!!!!!!!!!!!!!!!!!!!!!!!!!!!

WOP WOP WOP

Thank you for hearing me
complain and some ok's
about school.

CHOCOLATE VS WHITE MILK BY:EVELYN

Ok when we get milk almost all the kids get chocolate milk but I always get white milk unless it is a friday. Then I get chocolate milk but I protest everybody to get more white milk it is not fair. The school has so many unused expired milks yet not many chocolate milks left. So here is an example to help me demonstrate. Mrs Lambert's class comes up for milk I am last in line and everybody before me gets chocolate and I am then last one but I get

White milk instead because I know that ya I want white milk BUT I also know that it would be good to get white milk because the school works hard to get both chocolate and white milk. So my point is that school would be saving a lot if just a few more kids got white milk. I think around 80% of kids take chocolate milk and 20% of kids get white milk

So that's why I protest for more white milk taken!

KOREAN DANCE

By: Hani

Hello! 😊

Today I'm going to talk about Korean dance!

Korean dance started around the 1900's.

It is all about beauty and softness.

No: rushing or FAST!

Okay, let's get started on not facts but how to do it too.

Our costume is called HANBOK. (Han-boke)

For girls it is a long dress.

For boys it is a long shirt and SUPER long pants.

The most well known dance is the FanDance.

It is danced with lots of fans and people waving the fans
up, down, up, down.

The hanbok is sometimes itchy, but it is okay.

We usually put our hair in a bun or a dangale. (dan-galy)

On big performances like the summer performance we wear a lot of makeup.

On small performances we only wear a little bit of makeup.

On big performances we have many Hanboks.

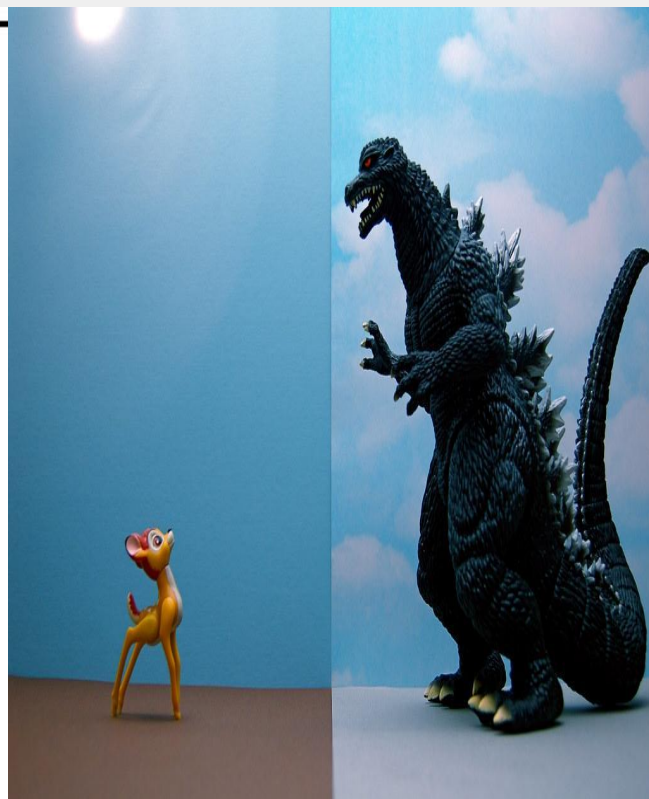

They are like costumes but they're Hanboks!

Korean dance is fun and if you join I think you'll love it!

(maybe not? 🤔)

Thank you so much for spending your time reading my interview!

Hope to see you soon on another writing! 😍
