DISTRICT 57 MISSION/VISION/VALUES

MISSION STATEMENT

Preparing children to learn and succeed in a changing world.

VISION STATEMENT

As a critical community asset whose performance affects all area residents, Mount Prospect District 57 will continually build on its tradition of excellent performance, fiscal stewardship and community engagement to provide an exceptional educational experience for all young learners.

CORE VALUES

We Believe:

Students are the focus of an educational process that is valued and shared by the home, school, local business and community.

All learners' strengths should be discovered, encouraged and developed.

All students are capable of learning and are responsible and accountable for their academic performance and for their own behavior.

Our schools are dedicated to teaching students to be involved, active learners who work hard, solve problems critically and creatively, and communicate effectively.

All students, parents and staff members are treated with dignity and respect and are expected to treat others in the same manner.

Participation in the decision-making process by students, staff, parents and community members is valuable.

The District is a valuable asset owned by the community and must be fiscally responsible to the taxpayers in the community.

Your role, as a substitute assistant, is to provide for the continuity of instruction that ensures and sustains that student success. We believe your position to be a key one, and it is our intention that this handbook will be one of the resources that will assist you in successfully working with our students.

Contained in this handbook are some guidelines to better acquaint you with our schools. In addition to this, we urge you to consult your fellow teachers, the building principal, and/or our teacher's handbook for additional information.
