MISO

By Gwen

.Do you feel sick, and want a nice **BIG** bowl of miso?

Well I think you can go to

MISO YA! You can pick a different type of miso, and some extra toppings. Then you get a really big bowl of miso with your toppings! There are three types of miso to choose from. I got the plain Tokyo miso with a miso egg and a piece of fried shrimp. It comes with green onions and ground beef, bamboo shoots, and you can add a pork piece. If you are feeling sick, you should go to MISO YA!

ONE DAY

By Maeve

There will be a day when the birds come back
They'll wake you, my friend, they have a knack.
There will be a day when the flowers will bloom,
And that day, my friend, is coming soon.
On that day, the branches will blossom with ease,
Allowing birds to sit on the trees.
animals will end hibernation,
That day will be a celebration.
Plants will start to come out and grow,
It's coming soon, I feel it, I know.
Yay... School is almost over,
On top of it all, I found a four-leafed clover!
That day will be the start of spring,
And there's many things that spring will bring.

The City of Ember

Book review by Maeve

The City of Ember is a great book for kids ages 8-12. It is about two kids, Lina and Doon, trying to escape their dying city, which at the time, they don't know is underground. This book takes place in the future, after the world nearly ended. The builders of Ember wanted to simply save the human population. They left instructions in a box, to open in 200 years. When the box quietly clicks open, Lina and Doon are on a mission to save Ember.

This book is easy to understand, yet grabs your attention. It is well written and unique, easily believable. I would give this book four and a half stars.

Blockbuster Movie

***Avengers Endgame* has broken the internet and ticket websites.**

When Avengers Endgame ticket sales first came out, so many people tried to buy them online that the movie websites shut down, because there were so many ticket purchases. We will now have an exclusive interview with someone who tried to buy tickets barely made it in time. **“I barely got tickets, I was in therapy when the website got back up so I got tickets for opening night.”** Says the witness. So there you have it, it looks like **Avengers Endgame** is definitely the most popular movie of the year. Also, the most anticipated movie of the year. I know I can't wait to see this movie. **Avengers Endgame** hits theatres **April 26th, 2019.**
