7/19/2022 17:59:13	Zoi	Giannakopoulos	<p>Hello! I had sent an email to the board but didn't hear back. Would you please be able to discuss the districts current safety measures that are in place for an active shooter? Not the drills that students go through. Actual physical barriers that can prevent an active shooter from entering the building. Example locked doors, metal detectors, security officer etc. After the 4th of July tragedy in Highland park I think it's so important to revisit this. We are grateful for all the reactive training and drills in place. I believe we can look at how we can be more proactive as a district as well. Keeping the students and staff safe is so very important. Please consider discussing this at the board meeting this Thursday night. I appreciate your time.</p>
7/19/2022 18:19:52	Brian	Kasper	<p>On the agenda and publications for the public can acronyms please not be used. Or if used please spell out the words when mentioning the acronym for the first time in a document. There are multiple acronyms that I don't know on the current agenda.</p>
